

# HHH Genealogy Data Definitions

## COUNTRY

Common western name for the country

## STATE

State / County / District / Subdivision/ Grouping within a country where the usually hash runs.

## LOCATION

Village / Town / City where the Hash Chapter is nominally based.

## HASH CHAPTER NAME

The formal Full Name of the Hash Chapter, Hash Club, Hash Group, for example:

*'Kuala Lumpur Hash House Harriers'*

Other more commonly used names expressed locally may be recorded in Nickname (Alias) Field

Acceptable abbreviations

H3 : Hash House Harriers

H4 : Hash House Harriers and Harriettes

HH : Hash House

All other names to be in full: Harriettes, Horrors, Hazards, Haggards etc

Chapter names such as *'Hash House Harriers of Somewhere'* should be changed to *'Somewhere Hash House Harriers'* to ensure a consistent sorting process.

Where there have been a number of Hashes in the same locality add a number to the name when the hash is no longer active and subsequently a new Hash Chapter unrelated to participants of the previous hash starts. If predominantly the same participants from old Hash don't create a new hash but let it be a resurrection and make notes on Comments field. Do not have any number if Hash is still active. For example:

Chapter Name-1 HHH (first hash that died);

Chapter Name-2 HHH (second hash that died);

Chapter Name HHH (Current active hash)

## LINK TO ACTIVE HASH CHAPTER WEBSITE

Link to the hash chapter website. It will be a case that the link was reported as being active as at the date of last update. There is always the possibility that the link has died or the hash chapter has died and link to an active website that has not been updated for some time.

## HASH CHAPTER NICK NAME or ALIAS

All the other nicknames of a Hash Chapter will be listed. For example, Kuala Lumpur HHH will show 'Mother Hash'; Petaling Jaya HHH will show 'PJ Animals'. Previous historical nicknames that the Hash Chapter may have been called can also appear here.

## YEAR OF BIRTH-YOB

Year Hash Chapter was born (yyyy)

# HHH Genealogy Data Definitions

## **DATE OF BIRTH - DOB**

Date is the date of the First Run. ISO date format yyyy-mm-dd must be used to minimise issues related to differing national date formats. If only the year is known, then the last day of the year is shown. For example 1942-12-31. If the month and the year is known, then the last day of that month in that year is shown.

## **DATE OF BIRTH FLAG**

Flag to show that Date of Birth is an estimate and that confirmation of the actual date is being sought

## **FATHER**

Founding Father is the person most responsible for establishing the new hash. In Hash Genealogy terms, this person is the Hash Father. Real Name and Hash name may be both be recorded, for example: Bill 'Tumbling Bill' Panton.

## **MOTHER**

In Hash Genealogy terms the hash chapter that the Founder previously ran with prior to starting the new hash chapter becomes the Mother of the new hash.

## **MIDWIVES - co-founders**

Co-founders are hashers who assisted the Founder in establishing new hash chapter. If these cofounders had been involved with hash chapters before starting the new hash the names of those hash chapters can be included in brackets after the hasher's name. Cofounders listed should be those hashers who actually assisted, rather than a list of who was there. In hash genealogy terms, these cofounders are referred to as midwives.

## **ANCESTORS - LINEAGE**

Summary of the Hash Chapter's Lineage. For example, Australia's Capital H3, lineage would show: Beijing H3 [CN 1979], Hong Kong H3 [CN 1970], Singapore H3 [SG 1962], Kuala Lumpur H3 [MY 1938],

## **CHILDREN - DESCENDANTS**

Summary of the Hash Chapters that members of this chapter go on to found. For example, Australia's Capital H3, Descendants would show:

Hanoi H3 [VN 1991], Bujumbura-2 H3 [BI 1997], Canberra HH Harriettes [AU 2000], Nauru H3 [NR 2001], Canberra Sunday Bike H3 [AU 2002], Master Batemans Bay H3 [AU 2006],

## **PACK**

Who actually runs with the Chapter:

Men only, Ladies only, Mixed, Family, Bike etc.

## **SCHEDULE**

Details of when the Hash Chapter runs (or ran, if no longer active). For example: 'Mondays @ 6:00pm'; 'Sunday nearest the Full Moon @ 5:30pm'; '2nd Tuesday of the month @ 6:00pm'; (Special Events); (Irregular Reunions) etc.

## HHH Genealogy Data Definitions

### **HASH CHAPTER LOGO**

If an graphical image of the Chapter's Logo has been provided to the Hash Heritage Foundation, then this will be displayed on the chapter's data page on the webpage.

### **ARCHIVE REFERENCE**

If any archival reference information, such as annual or special event magazines has been provided to the Hash Heritage Foundation, then a link to this information will be displayed on the chapter's data page.

### **LINK TO CHAPTER's HISTORY**

If any information on the chapter's history has been provided to the Hash Heritage Foundation, then a link to this information will be displayed on the chapter's data page. Many Hash Chapters now include their historical background on their websites, in which case the link will point directly to that information.

### **ACTIVE FLAG**

Flag to indicate if Hash is currently active.

### **DATE OF DEMISE**

Date that the hash stopped running. ISO date format yyyy-mmm-dd must be used to minimise issues related to differing national date formats. If only the year is known, then the last day of the year is shown. For example 1965-12-31. If the month and the year is known, then the last day of that month in that year is shown.

### **DATE OF DEMISE FLAG**

Flag to show that Date of Birth is a estimate and that confirmation of actual date is being sought.

### **COMMENTS FOR PUBLICATION**

For example if the Chapter's name has been changed, or the chapter has merged with another. (limited to 256 characters)

### **DATE RECORD LAST UPDATED**

yyyy-mmm-dd to indicate when the information for the update was provided.
